Re: Withdrawal of SDG&E Advice Letter 1618-E

Dear Mr. Clanon,

San Diego Gas & Electric Company (SDG&E) hereby withdraws Advice Letter 1618-E filed on August 23, 2004. The purpose of this Advice Letter was to establish a new Schedule NEM-CT to address how to bill and meter generation facilities that operate an NEM eligible solar or wind turbine electric generating facility in combination with another type of electric generation that does not qualify for NEM. However, based on discussions with the Energy Division during which SDG&E was informed that the Energy Division would prefer to have the issues brought forward in the advice letter addressed by the Rule 21 Working Group, SDG&E is withdrawing its advice letter.

If you have any questions, please contact Monica Wiggins at (858) 654-1770.

Sincerely,

A handwritten signature in black ink that reads "Monica Wiggins for /". The signature is written in a cursive, flowing style.
